

Plaster Sealing Packaging Machine

Model:PPD-PLS

Plaster sealing packaging machine adopts the latest Asian technology for manufacturing the different medical plaster etc.

With PLC program and LCD modern technology to control for fully automatic production. It is user friendly, high production volume, less labor involved in the production.

The machine is warmly welcome in USA, Europe for upper market.

Main data:

Name: Plaster sealing packaging machine

Model: PPD-PLS

Pack material diameter: max 320 mm

Pack material width max 920 mm

Plaster size: 30-200× 30-200mm at option

Inner diameter of plaster roll: 76mm

Outer diameter of plaster roll: max 320mm

Plaster roll width ≤ 200mm

Production speed: 100-120 pack/min
