

## Saw Blades For Cutting Boxes Of Aluminium Foil Roll

This kind of saw blades is widely used to the colorful packing boxes in our daily life, it is designed for easily cutting of aluminium foil roll, cling film roll, baking paper roll, wax paper roll etc.

Our saw blades are very popular in Japan, Bahrain, Qatar, Indonesia, USA etc. There are three different type of saw blades, metal blades, plastic blades and fiber blades.

For the metal blades, it can work with metal blade fixing machine to put blades on the cutting boxes of aluminium foil roll easily.

For the plastic blades and fiber blades, we already put the double adhesive tape on it, once use, just tear the tape and put on the packing boxes by hand.

### **Main specs:**

Name: Saw blades for cutting boxes of aluminium foil roll

Model: PPD-SB303
