

Self-adhesive Label Slitter Rewinder

Self-adhesive label paper slitter rewinder PPD-320 Model is mainly serve the printing label stick after the label printing&die cutting machine,this machine is applicable to narrow paper cutting.It has automatic meter counting,set length seting,automatic stop,put the volume is controlled by photoelectric automatic correction,and other functions.The machine is compact in size,complete in structure,high speed,high efficiency,,cutting accurancy, simple operation,stable operation,very user friendly and simple opertion,it is one of small investment,but very wide use for different material cutting.

Self-adhesive label paper slitter rewinder is applicable to slit and rewind self adhesive label paper,sticky label, sticker, industrial tape, craft paper, copper foil, aluminium foil. such as the volume plastic paper composite tubular material cutting.

Main Specifications:

slitting rewinding speed:	100m/min
Maximum width roll paper:	320mm option
The biggest roll diameter:	500mm
The biggest winding diameter:	480mm
Overall dimensions:	1100*900*1280mm
The weight:	430kg
The power:	220v/0.75kw
